B230T4

Comfort XEE 22,8 m

The GSR B230T4 renews its performance in the 23 metres height category on 3.5 t vehicles. While maintaining its traditional rigidity and sturdiness, this model introduces several significant elements of innovation offering improved outreach with reduced footprints.

This machine is simple to use and technologically advanced, with stabilizers in extendible variable version, reduced length and horizontal outreach up to 14,4 metres, it confirms the high-quality standards and innovation of GSR products.

GSR
AERIAL PLATFORMS

www.gsrspa.it

- Horizontal outreach until 14,4 m and basket capacity up to 250kg
- Extendible variable stabilization with vertical stabilizers
- 4-stage boom
