

# B230T4

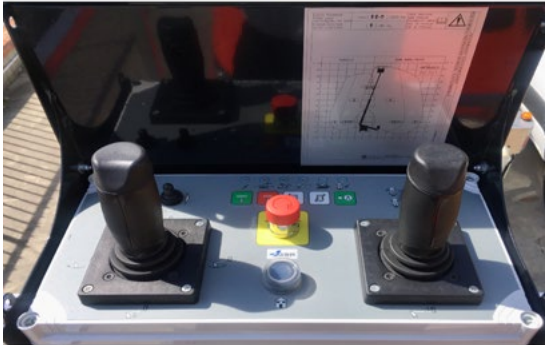

COMFORT XEE

23 m

The GSR B230T4 renews its performance in the 23 meter height category on 3.5 t vehicles.

While maintaining its traditional rigidity and sturdiness, this model introduces several significant elements of innovation offering improved outreach with reduced footprints.

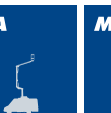

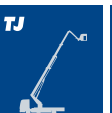

This machine is simple to use and technologically advanced, with stabilizers in extendible variable version, reduced length and horizontal outreach up to 14,4 metres, it confirms the high-quality standards and innovation of GSR products.
